OUTLINES.

Up to 11:40 o'clock last night there had been no verdict in the case of Harry Thaw, in New York, and the jury was locked up till 10:30 o'clock this morning; the jury came out twice yesterday and asked the judge for instructions, and upon one of the points the facts would be favorable to Thaw, yet the judge refused the information, sending the jury back to deal with the evidence; the Thaw family left the courthouse crestfallen.——In an interview at Pittsburg last night Evelyn Nesbit Thaw's mother said, despite the cruelty of her daughter and Harry Thaw to her, she hoped Harry would be acquitted.——The worst wreck in the history of the Canadian Pacific Railway occurred near Chapalean, in Canada, on Tuesday, fifteen or more persons having been killed or burned to death, after the train plunged into a small lake.——The $6,000,000 Carnegie Institute, at Pittsburg, was formally re-dedicated yesterday with elaborate ceremonies; distinguished foreigners and Americans attended and the name of President Roosevelt received marked honor; Mr. Carnegie was eulogized for his great gift to education and science; the art prizes were won by Parisian painters.——E. H. Harriman was yesterday re-elected president of the Southern Pacific Railroad Company.——Rev. W. Howard Mears, of New York, was yesterday deposed from the Episcopal ministry for visiting the tenderloin, as he claims, to make sociological investigations.——The Connecticut Senate yesterday passed a resolution endorsing the administration of President Roosevelt.——At the conference for education in the South, at Pinehurst, N. C., yesterday, President Ogden, of New York, was re-elected; a notable address was delivered by Dr. Knapp, special agent of the Agricultural Department, who advocated the advantages of soil development in the South, and urged the establishment of Agricultural banks to aid in moving crops and developing farms.—— The Missouri Legislature, Republican, yesterday passed a resolution lauding William J. Bryan, and declaring that President Roosevelt should retire to make way for Bryan.——George W. Bundrick surrendered himself in Downey, Cal., yesterday, asking to be sent back to Americus, Ga., where he is under sentence of death for murder.——The Commissioner of Agriculture of Georgia reports that cotton in that State has been killed and incalculable damage done to the fruit and truck.——New York markets: Money on call, easy 1 3-4 to 2 1-4 per cent.; ruling rate, 2; closing bid and offered at 2; spot cotton, quiet, 11 cents; flour, steady with a fair trade; wheat, barely steady; No. 2 red, 83 1-2 elevator; corn, firm; No. 2, 57 elevator; oats, steady; mixed, 47; turpentine, steady, 72 1-2 to 73; rosin, firm.

It's all right for President Roosevelt to bust trusts but he ought to be careful how he takes the vest off "vested rights."

Scientists tell us that a comet will hit the earth somewhere in about two weeks. If it comes anyways near this side it might get a whack from "the big stick." It should look out for itself.

"Why should Harriman howl?" a contemporary demands to know. Humph! Most anybody who subscribed $50,000 to the campaign fund and got no showing for it is liable to make a noise like a panther with a grindstone on its tail.

Remarks the Jacksonville Times-Union: "Please, imagine King Edward shouting, 'You're a liar' at anyone of his former boon companions, however guilty they might be!" Does look as if the dignity of the Presidential office might point to the propriety of having all lies nailed by proxy.

Says the Washington Post: "Of course, recent events have convinced Senator Cullom that he was right when he expressed the opinion that a certain railroad man ought to be in jail." President Roosevelt probably lost no time in telephoning Cullom that he's got a good eye.

Walter Wellman, who is monkeying around with a scheme to search for the North Pole with an airship, is decrying the qualifications of Lieutenant Peary as an Arctic explorer. Until Walter makes good with his airship, people will consider his criticisms as worthlessly premature.

Col. Bryan accuses Roosevelt of stealing the clothing of Democracy. After taking a look at the alleged missing duds of Democracy, former President Cleveland concludes, in effect, that they are Populistic habiliments with only the laundry mark missing.

In his question of veracity with Roosevelt, Harriman labors under the disadvantage of refusing in court to answer questions that may or may not have shown that he was guilty of violating the law. His refusal to answer shows that he stood on his legal right not to be used as a witness to convict himself.

THE SPRING SESSION

Wilmington Presbytery During the Past Week With Kenansville Presbyterian Church.

ANNIVERSARY EXERCISES

Closing Feature Was a Delightful One — Meets Next at Teachey's. With Adjourned Session in Wilmington Late in June.

The Spring session of Wilmington Presbytery, which has been in progress the past week at Grove Presbyterian Church, in the pretty town of Kenansville, N. C., adjourned yesterday morning at 11 o'clock, after a most pleasant and profitable meeting. The session was well attended and the visitors were most delightfully entertained. The closing exercises consisted of the celebration of the 165th anniversary of the Grove Church, these exercises having been most interesting and pleasant.

Rev. A. McFayden, of Clarkton, presided at the session as moderator, and Rev. W. P. M. Currie and Elder Shaw, of Rock Fish, were the clerks. The sessions were opened Tuesday afternoon at 4 o'clock with sermon by the retiring moderator, Rev. K. McCaskill, of Atkinson, N. C. The business session was largely taken up with routine matters.

On Wednesday morning, Rev. Mr. Caldwell, agent of the Barium Springs Orphanage, presented the needs of that work, and an offering of $46 was received. On the same night Rev. J. S. Crowley, of Wilmington, presided over a meeting in the interest of foreign missions and presented his report as chairman of the foreign missions committee. This was followed by an address of wide interest by Mr. J. R. Graham, Jr., lately returned from China. An offering for this cause was also received and the handsome sum of $15.30 was received.

The Presbytery adjourned to meet in Fall session on October 9th, at Teachey's, N. C., though an adjourned session will be held with the First Presbyterian Church, Wilmington, on the 28th of June, for the purpose of licensing Rev. Mr. Carr, who will have charge of the group of churches in Brunswick county, succeeding Rev. Mr. Curtis, who some time ago accepted a call to the church at Hamlet.

The 165th anniversary exercises of historical Grove Church, with which the Presbytery met, took place yesterday. Rev. A. McFayden presided and the address of welcome in behalf of the congregation was made by the pastor, Rev. W. M. Shaw. Rev. Mr. Nichols, of the Methodist Church, and L. A. Beasley, Esq., of the Baptist Church, welcomed the visitors in behalf of the other denominations of the town and community. Rev. P. McIntyre, of Faison, responded to these kind words in behalf of the Presbytery. An appropriate sermon, giving the history of the Presbyterian Church and faith was preached by Rev. J. M. Wells, D. D., of Wilmington, and it was much enjoyed. Adjournment was then had for dinner on the beautiful lawns surrounding the church property. During the afternoon J. O. Carr, Esq., of Wilmington, read an interesting and helpful historical address, with reference to the old house of worship, this being especially notable for its elegance of diction and accuracy of historical facts.

Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church; Rev. A. D. McClure, D. D., pastor of St. Andrew's; Rev. J. S. Crowley, pastor of Immanuel, and Ruling Elders Wm. H. Sprunt and P. Pearsall, who attended the sessions of Presbytery from Wilmington, returned last evening and are enthusiastic in speaking of the hospitality of the Kenansville people.

SALVATION ARMY WORK.

Public Can Help in Great Work During Self Denial Week.

The Star has received the following with request to publish, which is done with a commendation of the work to the generous people of the community:

"Never in its history in this country has the Salvation Army accomplished so much in the relief and distress as during the recent Winter. Over 300,000 people were given Christmas dinners, scores of thousands were clothed and some thousands of families were relieved of terrible distress. Meantime every one of its many ameliorative institutions were maintained by the Army at high pressure, the demands upon them being unparalleled. This is the sort of thing that has entrenched the Salvation Army in the hearts of the American people, and it is the sort of thing our citizens can help to forward by generous contributions during the Army's Self-Denial Week, April 14th to 21st."

CAR STRUCK WAGON

L. L. Seiller, Aged Man, Injured in Street Collision at Third and Princess Yesterday Afternoon. Removed to Hospital.

Mr. L. L. Seiller, an aged white man living at the first toll house on the Wrightsville turnpike, was severely but not dangerously wounded yesterday afternoon a little after 1 o'clock at Third and Princess streets, as the result of a sharp collision between a wagon which he was driving across the track and a city car bound west to the junction. The man was thrown into the air some distance and fell on the hard vitrified brick pavement head downwards, knocking an ugly hole in his scalp and badly lacerating one ear from which the blood flowed freely. The accident attracted a large crowd, as court had just adjourned, on the Court House corner, and many believed that the man was hurt worse than it subsequently developed at the hospital to which he was immediately taken by Louis T. Moore in his automobile.

Mr. Seiller came to the city yesterday morning with a load of produce and was driving across Princess street from Market, going toward Chestnut. It was stated by several in the vicinity that no alarm was sounded by the car and that it was running at the rate of from twelve to twenty miles an hour, opinions differing, of course, on thees points. The horse attached to the wagon had just crossed the track and the vehicle was struck near the rear, the driver being hurled into the air with the result already stated. The wagon was broken up to some extent and the fender of the car was a little the worse for the blow it received, but otherwise the property damage was slight. The injured man was picked up unconscious and carried across the street to the I. O. O. F. building entrance where he was given temporary surgical attention by Dr. W. D. McMillan, being later taken out to the hospital in Mr. Moore's runabout as stated. He could tell nothing as to how the accident occurred except that the car was on him and he was in the air before he knew it. Several stitches had to be taken in the aged man's wounds. He will be laid up several days but the injuries are not necessarily permanent.

The car was in charge of Conductor James Pope and Motorman Lester Moore, the latter applying his brakes as soon as he saw that the collision was inevitable.

HON. E. D. SMITH TO SPEAK.

General Organizer of Southern Cotton Association Coming.

It will be of interest to the business public of Wilmington to know that the management of the Merchants' Association banquet at the Colonial Inn have been so fortunate as to secure the acceptance of Hon. E. D. Smith, general organizer of the Southern Cotton Association, for an invitation extended yesterday for him to be present on the occasion of the banquet and deliver one of the principal adrsses. The date is April 17th, next Wednesday night. Mr. Smith is a most gifted speaker and will be heard here on the subject, "The Industrial Growth of the South." He is delivering a series of lectures in North Carolina and President Rogers, of the Association, communicated with him last night at Wadesboro, where he spoke yesterday. Mr. Smith is from Columbia, S. C., but has been traveling the South for the past year or more in the interest of the Southern cotton growers. He is a close observer and an able man. What he has to say here will have great weight. He has an appointment to speak on the 18th at Greenville, N. C., but will get President C. C. Moore to fill that appointment for him while he comes here.

All arrangements for the banquet are now about complete and it is expected that there will be a very large attendance of business men. The other principal speaker will be Mr. Norman H. Johnston, attorney for the Retail Merchants' Association in North Carolina and editor of the Merchants' Journal in Raleigh.

"The Odeon" in Full Blast.

After all the difficulties which the managers have been through, "The Odeon" is now in full blast, and is showing a lot of the most up-to-date pictures which have ever been seen in Wilmington. In "The Rajah's Casket," which was shown last night, the coloring and movement of the pictures was so realistic and life-like that it seemed as if one were really in the midst of one of the scenes of "The Arabian Nights." An illustrated son, "The Sweetest Girl in Dixie," was another up-to-date feature of the show. The pictures, which were in beautiful colors and shadings seemed very real and life-like. A complete new programme will be put on today, which will be still better than last night, and the enterprising managers of the theatre deserve the patronage of all who enjoy high class moving pictures and up-to-date music.

Sad Death at Acorn Branch.

The many friends of Mr. and Mrs. G. W. Johnston, of Acorn Branch, will hear with great sorrow of the death of their little daughter, Georgia Marion, aged two years, which occurred yesterday morning at four o'clock. The funeral will be conducted at the residence this afternoon at 4 o'clock, and interment will be in the family burial ground at Acorn Branch.

REACH ADJUSTMENT

Truckers' Executive Committee and Railroad Officials in Conference Yesterday at Noon.

THE STRAWBERRY SEASON

Differences as to Minimum Car-Load Shipments Settled Satisfactorily. Movement to Begin About 20th. Train Schedules.

At the conference of the Executive Committee of the East Carolina Fruit and Truck Growers' Association with the Atlantic Coast Line officials in this city yesterday a satisfactory adjustment of the differences beween the representatives of the shippers and the transportation people with reference to the minimum car-load was reached, and it is expected that the new arrangement will meet with favor among the growers generally.

The Executive Committee of the Association convened at 11 o'clock yesterday morning pursuant to the telegraphic call of President Wm. E. Springer issued on Wednesday, in the office of the Association in the Masonic Temple. There were in attendance President Springer, Mr. H. T. Bauman, business agent, and Messrs. J. A. Brown, of Chadbourn; J. A. Westbrook, of Mount Olive; J. S. Westbrook, of Wallace, and W. L. Hill, of Warsaw. The President stated that he had convened the Board to have a conference with President Emerson, of the Atlantic Coast Line, in regard to the adjustment of certain differences that had arisen as to the minimum car-load shipment of strawberries. A few weeks ago at a conference with Messrs. Emerson and Brand, it was understood that 250 crates would be the minimum, nothing having been said as to the two trains. When the bulletin of the berry trains was announced a few days ago, it was found that the 250-crate minimum was not to apply on the "cannon ball," or through train, as desired more especially, but that the minimum must be 250 crates on the pick-up or local train. A number of complaints, he said, had come up from the growers about the matter, and it had been deemed expedient to have the committee assemble and present the matter in an official way to the transportation people. What was wanted was an exact reverse of these conditions; that the 250 minimum should apply to the through train in any event. The matter was discussed at some length by the committee, and at noon the members in attendance went to the Coast Line headquarters for the conference.

The committee was most cordially received by Mr. Emerson, and he readily agreed to make the changes in the bulletin as desired, so that during the season the 250-crate minimum will apply to the fast train to all points, and the 300-crate minimum will apply only to the local trains. This, it is expected, will be satisfactory in every respect to the shippers.

The berry trains will be put in effect as soon as the volume of business requires it. The through train will be known as No. 218 between Wilmington and Goldsboro, leaving Wilmington at 7:55 A. M.; Castle Haynes, 8:26; Rocky Point, 8:40; Ashton, 8:48; Burgaw, 9:15; Watha, 9:35; Willard, 9:45; Wallac, 9:55; Teachey, 10:05; Rose Hill, 10:27; Magnolia, 10:57; Warsaw, 11:22; Bowden, 11:37; Faison, 11:52; Calypso, 12:03; Mt. Olive, 12:15; Dudley, 12:30; Goldsboro, 12:57, arriving at South Rocky Mount at 3 P. M. The time, however, from the nature of the case, is not guaranteed.

The pick-up train will be known as No. 18, and it will leave Wilmington at 10:30 A. M., arriving at 10 P. M. Train No. 316 will handle berries to be shipped in ordinary freight cars until the inauguration of the special service trains, but will not handle berries in refrigerator cars. Refrigerator cars will be furnished only upon receipts of requisitions in writing from shippers 24 hours in advance of the time the cars are to be placed for loading.

Shipments at stations between Lake Waccamaw and Chadbourn, inclusive, will be moved by an extra train. The closing time for receiving such shipments for forwarding the same day, will be 6 P. M. The closing time for shipments in order to be ready for movement for stations south of Chadbourn must be not later than the following figures: Marion, 4 P. M.; Mullins, 4:30; Nichols, 4:30; Fair Bluff, 5:30; Grists, 6:00. At stations between Conway and Boardman the closing time for shipment in order to be ready for movement by an extra train will be as follows: Conway 3:30 P. M.; Adrian, 4; Privett's, 4; Bayboro, 4:45; Sanford, 4:45; Loris, 5:15 Mt. Tabor, 6 P. M.; Clarendon, 6; Orrum, 5; Boardman, 6, and Evergreen, 6:30 P. M.

The Expected Movement.

In spite of the continued cold and unseasonable weather, the crop has already begun to move in small quantities by Express, several crates having gone forward from the Chadbourn section as early as Wednesday of this week. A solid refrigerator car was ordered yesterday for Chadbourn, and this will be loaded and sent forward today. However, no great movement is expected before the 20th. It was the opinion of the majority of the members of the Executive Committee in the city yesterday that while the season will be somewhat delayed, it will be longer than usual, this year, and therefore more profitable. Others take a contrary view, but it is safe to say that the outlook is not so gloomy for the growers as was at one time predicted.

IN SUPERIOR COURT

Smith Trial Still Occupies the Sessions and May Last a Week. One Case Continued Yesterday—Other Proceedings.

Another entire day in the Superior Court yesterday was taken up with the continuation of the trial of the case of Miss Louise B. Smith against Mrs. Roger Moore, executrix, and others, involving the title to the property at northeast corner of Second and Red Cross streets. The hearing has continued much longer than anybody imagined when it was begun and members of the jury are beginning to wonder if they will be permitted to spend Sunday with their families at home. In fact, this much was asked of the court yesterday by one of the jurors. Judge Long is also chafing under the delay and again asked the attorneys yesterday if they could not make more headway with the examination of the witnesses. The trial has now been in progress ever since Monday morning and all other cases have taken a back seat. Other litigants are wondering when they can get "their day in court." The plaintiff's counsel said yesterday afternoon that they would require only about an hour this morning to complete their case, but there are so many objections and exceptions by opposing counsel that it is doubtful if the evidence can be concluded before the afternoon. Then the argument of counsel must be heard. This will require upwards of a day, if all the attorneys are to speak, and it would seem to a rank outsider that Saturday afternoon would be a correct guess on the issues being submitted.

A large number of witnesses were heard yesterday including Messrs. Geo. Sloan, Chas. E. Taylor, J. H. Boatwright, Walker Taylor, Wm. E. Worth, Roger Moore, Mrs. Moore, Miss Smith and Mr. Marsden Bellamy, the latter being of counsel for defense. The cross-examination of Mr. Bellamy was by his brother, Hon. Jno. D. Bellamy, as to who was Col. Moore's attorney the latter days of his life. The questions and replies were rather caustic and this afforded the only interest for outsiders during the progress of the hearing during the day. It was a question of "Greek meet Greek" and the repartee was sharp at times.

The only other entry on the clerk's docket yesterday except "Smith trial resumed," was a continuance in the case of Williams Brothers against the Richmond Cedar Works. Brown Shepherd, Esq., of Raleigh, was here to represent the Richmond firm, but seeing no hope of reaching the case, he had it continued and returned to his home in Raleigh last night.

INTEREST IN THAW CASE.

Many Inquiries Locally for Result of New York Trial.

Judged by the number of inquiries by telephone and otherwise at the local newspaper offices, one would judge that the trial of Harry K. Thaw for the murder of Stanford White was in progress in our own Wilmington Court House and the principal actor in the great drama before Judge Fitzgerald was of our own people and our own citizenship. It is doubtful if there was ever keener interest in a great National affair locally than there is in the Thaw trial in New York. When it became known that the issues had been submitted to the jury in New York there was almost constant inquiry among Wilmington people as to whether or not a verdict had been reached. Last night until after 12 o'clock the almost invariable words newspaper people received upon lifting the lever of the telephone were, "Heard anything from the Thaw jury?" Local sentiment seems to favor the young millionaire prisoner.

PRETTY STORE FRONT.

Behrends-Riley Furniture Company Making Improvements.

One of the prettiest store fronts in Wilmington is that just completed for the Behrends-Riley Furniure Company at No. 16-18 South Front street. Solid plate glass show windows have been put in with steel beams, girders and other supports, according to designs made by Mr. George Ziegler, the secretary of the company. The new front improves the appearance of the store 100 per cent., and the looks of things are made even prettier by the dressing of the windows. On one side is a display of the fine Honduras Crotch Mahogany, shown for the first time in this city, and on the other side is a display of the McKinley rockers and willow chairs carried by the firm. Mr. Behrends, the senior member of the firm, is receiving the congratulations of his friends upon the improvements, which are to be duplicated in the near future by other merchants in the vicinity.

Their Infant Son Dead.

Their many friends will sympathize with Mr. and Mrs. H. L. Crump in the death of their little son, Paul, aged 18 months, which occurred early yesterday morning. The remains were carried to Petersburg, Va., last night where they will be interred this afternoon.

NEWS FROM RALEIGH

Grand Lodge Masonic Temple Contract to Central Carolina Construction Company.

SILVER SERVICE FOR CRUISER

Work of Cotton Growers' Associations—Affairs of State Military. Deaf and Dumb Institution's Exhibit at Jamestown.

(Special Star Correspondence.)

Raleigh, N. C., April 11.—The final business session for the 18th annual meeting of the Grand Council, Royal Arcanum, was held this morning when the newly elected officers were installed by Deputy Supreme Regent Hoadley, of Connecticut. The final feature of the annual meeting was a big barbecue and Brunswick stew at the State Fair Grounds, given by the local council for the visiting delegates. Appreciation for the presence of the delegates in Raleigh was expressed in a pleasing speech by President Joseph G. Brown, of the Chamber of Commerce. There was a happy response on the part of the visitors by Grand Regent S. M. Brinson, of New Bern.

The Attorney General has made a favorable ruling on the right of the directors of the State School for the Blind here to use maintenance funds for the expense of an exhibit at the Jamestown Exposition. Special features of the exhibit will be classes of blind children, including students from the literary, woodworking, sewing, kindergarten and other departments; also exhibits from the handicraft departments, and there will be demonstrations of methods of the work and instruction.

A Gatling Gun detachment to be known as Company B, is to be formed here for the Third regiment, the gun and equipment has already arrived.

An examination will be held here tomorrow preparatory to the appointment of a court stenographer for Wake county under a recent act of the Legislature. Stipulations are that the applicant be from Wake county, and can make 140 words per minute. The compensation under the act is to be in fees.

An itinerary is announced for General Organizer E. D. Smith, of the Southern Cotton Association, and President C. C. Moore, of the North Carolina Division, Southern Cotton Association, the tour embracing a number of the principal towns in the cotton belt of this State. They will present especially the work of the Cotton Association and the plan for the formation of bonded warehouse-holding companies in every cotton county in the South. The dates for the speakers are: Louisburg, April 12; Smithfield, April 13; Goldsboro, April 15; Enfield, April 16; Rocky Mount, April 17; Greenville, April 18; Kinston, April 19; Fayetteville, April 20.

President Moore has just issued an address to the cotton growers of the State urging that acreage be reduced, especially for the reason that there is every indication that at least one million bales will be carried over from last years' crop, and a crop of the same size this year would mean two million bales to depress the price of next year's crop. He urges that acreage be devoted to growing home supplies ample for the needs of the family before the size of the cotton crop is determined upon.

Adjutant General T. R. Robertson, of the North Carolina National Guard makes official statement that while the Governor has decided that a party of the State Guard will accompany him to the Jamestown Exposition during North Carolina week, no decision has been reached as to what companies or regiments will go. The whole matter of encampment is in the air, so to express it, because there is only $35,000 available for all National Guard expenses for the year, and equipment must be bought in compliance with whatever report may be made of findings by the recent inspection.

The Central Carolina Construction Company, of Greensboro, gets the contract for building the $125,000 Grand Lodge Masonic Temple here. The award was by the Building Committee tonight, after a sesion lasting until near midnight. The amount of the bid of the successful competitor was not made public.

The committee named by the last Legislature for the selection of a silver service to be presentd to the cruiser North Carolina met here today and considered the suggestions of a number of manufacturers, but made no award. The amount available is $5,000.

MR. R. H. BEERY IN HOSPITAL.

Underwent an Operation for Appendicitis Yesterday Morning.

Friends of Mr. R. H. Beery, of the firm of Beery & Blake, will regret to know that he suffered an attack of appendicitis this week, which necessitated his undergoing an operation at the James Walker Memorial Hospital by Drs. Bulluck and Russell yesterday morning. The operation was begun at 11 o'clock and lasted for three hours, but was pronounced by the surgeons very successful, the many friends of the patient will be glad to know. Mr. Beery was resting very well indeed last night and his early recovery is expected.

SOUTH CAROLINA'S NEW IMMIGRANTS.

We are sure Eastern North Carolina will be interested in the doings of the new immigrants landed at Charleston, S. C., last November by the North German Lloyd Steamship Wittekind. We are indebted to the Progressive Farmer, of April 11th, for some interesting facts concerning them, furnished by a Columbia newspaper man who is on the spot, and has had the opportunity to observe the newcomers. The Progressive Farmer says:

"Of especial value in determining the nature and extent of future effort to secure desirable immigrants for the South will be the success or failure of those immigrants brought over, now some months ago, on the Wittekind. For their own sakes, as well as for the sakes of those who induced them to come, there is an earnest desire to see them do well—a desire which will be pleasantly affected by the following item which our Columbia correspondent, Mr. Jas. A. Hoyt, sends us concerning them:

"'The immigrants who have come over on the two trips that the Wittekind made to Charleston are seemingly well satisfied in South Carolina. Many of them, however, have drifted to other States and to cities where their kinsmen and countrymen live, but the most of them are in this State, where they landed. Many of them have gone on the farms and are doing well. Around Columbia some of them have purchased tracts of land in the sandhill country, which has for so many years lain untouched almost, and they are making the sand hills blossom as they have never blossomed before. One of the German immigrants, Count Wegel, who came over with Commissioner Watson as a cabin passenger on the Wittekind, drives into town almost daily from his farm and his team is such a turnout as any prosperous farmer might envy. Count Wegel is an experienced truck farmer, and there are plenty more just as good where he came from.'"

Mr. Hoyt gives us an instance of what total strangers can come into the South and do. They came here unquainted with our language and customs and in less than six months we find them actively at work and prospering in a way to attract attention. People of their energy and industry are the kind we need all over the South, and we have often confidently asserted that there was every opportunity here for them to succeed.

We have around Wilmington some immigrants, among them some industrious and thrifty Italians, who have already demonstrated that they can give satisfaction, and thrive in this country. What the country needs is more of them to build up the waste places awaiting them.

REDUCTION OF COTTON MILL HOURS.

The Charlotte Observer in an editorial on Wednesday, says:

"More han a half dozen cotton mills of this vicinity have voluntarily reduced the number of working hours per week from sixty-six to sixty-four and it is believed that others will follow. By act of the last Legislature this change was to have gone into effect the first of next January, to be followed by a reduction to sixty-two hours January 1st, 1909, and to sixty hours January 1st, 1910. No doubt the sixty hours will be reached long before the date fixed for it by law,, which law by the way, was drafted by the manufacturers themselves, and, of course, meets their full approbation. This reduction of hours does the mill men credit, and sustains those of us who have always spoken up for their sense of humanity and regard for the welfare of their employes. The reproach of long hours and poor pay of Southern mill employes is being rapidly removed and will soon disappear. Time was when these, along with child labor, were necessary to enable these mills to make buckle and tongue meet, but as the profits of the industry increase the employes are voluntarily made sharers in them. The steps taken do credit, we repeat, to the manufacturers."

The Delgado Mills, of Wilmington, recently reduced working time to 10 hours a day or 60 hours per working week of six days. Furthermore, the Delgado management, while taking 12 hours a week off each employe did not reduce the pay. The company has always shown a commendable spirit in looking after the health, interests and comfort of its mill help. It provides good homes, and school and church advantages, and the reduction in working hours is a source of pleasure to the management, as it certainly is one of enjoyment to the mill people. It affords them more time for recreation, rest and improvement mentally and physically, and it will be found that the system will result in more contented and happy conditions around the manufacturing centres. Now that the hours are regulated by law as well as by the general consent of the mill owners, all mills will observe the shorter hours without having to compete with some mills which might, perhaps, be tempted to run longer hours. The mill men may probably find it also to their advantage in the prevention of over-production.

AFTER THE WATCH TRUST.

It is noised abroad from Washington that the Administration intends to proceed next against the combination of American Watch manufacturers which has come to be known as the "Watch Trust," and one of the "Bad" ones to which the President referred some time ago.

Of course, the Watch Trust owes its existence to the tariff, the Mother of Trusts, and in view of the cheapness of watches made abroad—when bought abroad—draws its chief sustenance from the traiff today, everything that goes to the making of a watch being taxed when imported from 5 to 60 per cent. of its market value.

The Brooklyn Citizen, speaking of the tariff that causes Americans to pay high prices for poor watches when they can get good ones cheaper, says:

"There is a very cheap watch of American manufacture, a good timekeeper for a short time, the shortness being due to the fact that the bearings are of metal instead of jewels, and so wear out quickly; but that hardly comes into competition with anything foreign, as all the imported watches are pivoted on jewels, in part or wholly.

"But, many watches made abroad—Swiss watches in particular—can be had there at very low prices, and if it were not for the tariff would be sold here much lower than they can be now; and, in order to compete with them, the American trust sells its productions abroad at prices far below those at which they are held here.

"It is thus using the tariff to extort inordinate profits from the home consumer, and, being a combination in restraint of trade in violation of the Sherman Anti-Trust law, has attracted the notice of the Administration as one of the 'bad russ,' that ought to be broken up."

A ROYAL TONIC

Beats Anything We Ever Sold as a Strength Creator and Body Builder.

Our well known druggist, Mr. R. R. Bellamy, is very enthusiastic over the delicious cod liver preparation, Vinol, which contains no oil. In referring to the matter, Mr. Bellamy said: "We sell many tonics and we handle all kinds of remedies that claim to be tonics and strength creators, but when our advice is asked in regard to a tonic, body-builder or strength creator we invariably recommend Vinol, as we know of nothing that can compare with it.

"In Vinol modern science has given us all of the tonic, body-building and curative elements of that famous old remedy, cod liver oil, actually taken from fresh cods' livers, without a drop of the system-clogging oil which characterizes old-fashioned cod liver oil and emulsions.

"In the most natural manner Vinol tones up the digestive organs, creates a hearty appetite, makes rich, red blood, and strengthens every organ in the body.

"Our faith in Vinol is so strong that we gladly offer to refund the money in every case where it fails to give satisfaction." R. R. Bellamy, druggist.

NOTE.—While we are sole agents for Vinol in Wilmington, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

Latest Photograph of MISS EVA LEWIS
2572 Hamilton Avenue, Chicago

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly **teeming with new life and vigor.**

That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the **hair glands** and **tissues** of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, **resulting in a strenuous and continuous growth of the hair.**

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.

Dear Doctor Knowlton:—

You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid.

I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it.

Everybody I know is using Danderine, so you see I am doing something to show my appreciation.

Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest **hair-producing remedy** the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. **Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.**

NOW at all druggists in three sizes, 25 cents, 50 cents and $1. per bottle

FREE. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

GREAT INDUSRY NEAR BURGAW

Union Brick and Tile Company Organized to Develop Probably Most Wonderful Clay Deposit in North Carolina.

(Mount Olive Tribune.)

The Union Brick and Tile Company has been organized, with an authorized capital of fifty thousand ($50,000) dollars to develop the clay beds near Burgaw, N. C., on the Atlantic Coast Line Railroad, and to manufacture ordinary brick, front repress brick, vitrified brick, drain tile and other terra-cotta products. The company has purchased 70 acres of what they believe to be the most valuable clays in North Carolina.

Geologically, these deposits are peculiarly interesting. The first two or three feet are of a gummy, deep red clay, and immediately under this is found a strata two or four feet thick of a brilliant yellow clay, perfectly free from grit, and is what is known to the trade as yellow ochre, being largely used in the manufacture of green, red and yellow paints, and for first coat work. This strata gradually changes into a blue, and finally into an almost pure white clay. These clays run remarkably uniform over the entire tract, and in no place were found less than twenty feet, and in many more than thirty. Very thorough and exhausive tests have been made by competent, practical experts, and the possibilities of these clays seem almost incredible. Architects and builders who have examined brick made from clay taken from these lands unhesitatingly say there isn't a brick made in the State that will compare with them.

ROOSEVELT'S $40,000 PHOTO.

It Shows Him Taking a Fence on a Horse—Has Been Copied Widely.

(New York Sun.)

The most widely published and best known photograph in existence is said to be that of President Roosevelt taking a fence on his favorite hunter. This has been printed in almost every paper and magazine in the world which uses half-tones, and the sales from it have already amounted to more than $40,000, making it the most profitable photograph ever taken.

Nearly 3,000 copies have been signed by the President to be used as special gifts, and the demand for it wherever it has been placed on sale has been steady during the three and a half years since it was made.

It was made with a shutter that opened and closed in one fifteen-hundredth part of a second. The President, accompanied by an orderly, left the Cabinet meeting one morning and joined the photographer at Chevy Chase, in the suburbs of Washington. It was necessary for the President to force his horse over the fence a dozen times before a successful picture was taken.

President Roosevelt is probably the most photographed man in the world, with the possible exception of Emperor William, and photographers assert unreservedly that he is most difficult to pose. He is nervous, and is often snapped in what might seem a hit or miss style; but every picture ever taken of him is thoroughly characteristic.

In Jail at Louisburg.

Raleigh News and Observer, April 10: West Pulley, the white man who last week shot and killed Mr. Henry Perry on his store porch at Riley's Cross Roads, in Franklin county, is in jail at Louisburg to await trial in the Superior Court. According to reports of the tragedy which have been received here, the killing was a most dastardly deed. It is stated that several years ago Mr. Perry sold Pulley a saw mill on the installment plan, or at any rate partly on credit. Pulley, it seems, was rather slow in making the necessary payments and Mr. Perry sought a few months ago to get a judgment against him on a tract of land belonging to his debtor. It is said Pulley went to Mr. Perry and said to him, "If you get judgment on my land I will kill you." The matter went on and a day or so before the killing occurred Pulley heard that Mr. Perry had succeeded in his efforts to secure himself against the debt. He came to Raleigh and asked Col. S. G. Ryan, who had acted as attorney in the case if what he heard was true. Upon being told that the report was true, he went home, told his wife what he was going to do, took his gun, went immediately to the store and without words shot down Mr. Perry who died almost instantly. News of the tragedy soon reached Louisburg and Deputy Sheriff Kearney went immediately and arrested the alleged murderer, he showing no resistance nor having made any effort to escape

—Mount Olive Tribune: The Calmes Lumber Company, whose plant is located near Dudley, purchased a large tract of timber from the Bell Lumber Company last week, the purchase price being $10,000. Messrs. A. M. and G. G. Calmes were here last week and closed the deal with the Bell Lumber Company. The timber lies between Dudley and Seven Springs, and was bought by the Bell Lumber Company something more than a year ago for less than $5,000.

LIGHT FROST YESTERDAY.

Truck Was Not Injured to Any Appreciable Extent—Forscast.

There was only a light frost in the Wilmington vicinity yesterday and vegetable growers were congratulating themselves during the day that they escaped with minimum damage to their crops. Strawberries were perhaps not hurt at all. The minimum temperature was 35 degrees for the day. This was only three degrees above freezing, but it was sufficient with other weather conditions to save growing vegetation. The maximum during the day was 59 with a mean of 47 degrees. Warmer weather is expected to follow the present cold snap. The weatner map yesterday said:

"The present pressure distribution indicates fair and not quite so cold weather for this section tonight, but there will be frost. Friday will be fair, becoming slightly warmer."

GUN CLUB SHOOT TODAY.

Members at the Traps This Afternoon —Mr. Lau Here.

The Wilmington Gun Club will have the first regulation shoot of the season at the traps near Delgado this afternoon beginning at 3 o'clock, and all members are asked to be present. Mr. J. H. Lau, the world's champion shot by virtue of his high gun at the Indianapolis tournament last June, will be present and do some exhibition work. The public is cordially invited to see the shoot and the exhibition work of Mr. Lau, who remained over the request of the local gunners.

Presented With Fine, Large Watch.

One of the incidents of the Red Men's banquet Wednesday night escaped the press in the original accounts of the affair. This incident was the presentation of a fine, large brass, double-case watch to Mr. A. M. Hoffstadt, alias "Hot Stuff," otherwise known as the "booze peddler," by Mr. Martin Van Oesen. The gift was bestowed upon "Hot Stuff" for the all-round rottenness of his speech delivered on that occasion.

Son of Mr. and Mrs. G. B. Cox Dead.

George, the infant son of Mr. and Mrs. G. B. Cox, of 114 Meares street, died early yesterday morning. The funeral will be conducted from the residence this afternoon at 4 o'clock. Many friends join with Mr. and Mrs. Cox in mourning the little fellow's death.

—The Sampson Democrat says: "The Rev. Mr. Arnold, formerly of Wilmington, who is well known by our people, will preach at St. Paul's Episcopal Church on next Sunday morning and evening, it being the first of his work as the minister in charge of this parish."

Died in Carrolton, Ga.

Many friends in this city will regret to know of the death of Mrs. Susan Shaw Herring, mother of Mrs. W. W. MacRae, formerly of this city, but now of Carrolton, Ga. Mrs. Herring passed away last Monday after an illness of only three days with pneumonia and the interment was at Carrolton. She was 71 years of age on the 14th of last February, and was a devout Christian, being a member of the Baptist Church. She leaves one son, Mr. Louis T. Herring, of New York, and one daughter, Mrs. W. W. MacRae, of Carrolton, with whom she lived. Many Wilmington friends will sympathize with the bereaved ones in the bereavement that is theirs.

When Greek Meets Greek.

An interesting civil suit was tried before Justice Furlong yesterday, the litigants being Mr. Chas. Anderson, proprietor of the Delmonico Cafe, and Peter D. H. Cogrammonion, a Greek, whom he had employed as a dish washer. The latter was represented by Walter P. Gafford, Esq., and he asked judgment of $20 from Mr. Anderson for alleged wages due. The judgment was given, but Mr. Anderson, through his counsel, C. D. Weeks, Esq., took an appeal to the Superior Court. The Athenian with the long name was beckoned when he was wanted. The name was beyond the pronunciation of all in the court room, including the counsel.

Duplicate Crosses of Honor.

The Star is asked to state again that according to an amendment of the constitution of the United Daughters of Confederacy veterans in good standing who have lost their Crosses of Honor, may have it replaced by applying to the president of the Chapter from which they received the Crosses. The veteran, however, must furnish copy of the certificate upon which the first Cross was bestowed. Veterans of Wilmington and vicinity who have lost their Crosses may have them replaced by applying to the president of Cape Fear Chapter No. 2, U. D. C., under the terms recited above.

Back from Hamlet Yards.

Capt. J. Cullen Jones, one of the Seaboard's most popular conductors, has resumed his run on the passenger trains between Wilmington and Hamlet. Capt. Jones has been on special duty in the Hamlet freight yards which have been congested with freight, requiring the services of an expert. He relieved the conditions very much and is again on his old run. Capt. W. B. Carson, who has been running for Capt. Jones while he was at Hamlet, has resumed his run between Hamlet and Columbia.

Before Justice Furlong.

In Justice Furlong's court yesterday Archie Hall, colored, charged with slashing Jim Murphy, also colored, at Eastern Star hall last Monday night, was bound over to the higher court and in default of $50 bond he went to jail until the July term. A quartette of negroes up several days ago, charged with cruelty to animals, were found not guilty of that charge but were required to pay the cost of a wagon that they broke up on the escapade, the whole amounting to something over $40.

Methodist Church at Castle Haynes.

By deed filed for record yesterday at the Court House the Carolina Real Estate Trust Company transferred to W. H. Shearin, R. W. Bordeaux, W. M. Hansley, J. N. Bowden and David K. Futch, trustees, for $10 and other considerations, lots 18, 19 and 20 according to the official plan of the town or village of Castle Haynes. The gentlemen named are trustees for the new Methodist Church which will be built in the village.

Married Wednesday Evening.

At the home of Mr. Padrick, on Hanover between Third and Fourth streets, Wednesday evening, Rev. A. J. Parker, pastor of Bladen Street M. E. Church, officiated at a quiet but very pretty wedding ceremony which joined in marriage Miss Emma O. Waters, daughter of Mrs. Lettie E. Rich, and Mr. Darden Merritt, a popular young man of the city. Mr. and Mrs. Merritt will make their home at the residence of Mr. Padrick.

The Theatre

The managers of "The Clansman" were hard put to it last year to accommodate the crowds of eager spectators. Particularly was this the case in Kansas City, where a week's run failed to satisfy the popular demand. On Friday evening so many persons were being turned away disappointed from the box office that it was determined to give an 11 o'clock Saturday matinee. Fifteen hundred persons crowded the Willis Wood Theatre at that unusual hour, without previous notice to the public except the advertisements in the papers the same morning. The performance concluded at 1:30, when the morning crowd was dismissed and the afternoon audience let in for the 2 o'clock matinee. Snatching a hasty dinner, the players returned to the theatre for the third performance of the day, which, like the others was crowded to the doors. In all, nearly five thousand persons saw "The Clansman" on that memorable Saturday. "The Clansman" will be played here at the Academy at matinee and night. Seats for both performances go on sale this morning, the matinee sale starting at 10 o'clock.

Return of Favorites—The Peruchi-Gypzene Company, which was organized in Wilmington weeks ago and which is a favorite here, will be back at the Academy next wek. A five nights' engagement will be inaugurated Monday night and the company will then hold the boards all week, save Wednesday night, giving away then to the Lyman Twins. The opening bill will be one of the well known successes and will be on sale tomorrow.

The company, which is headed this time by Mr. Chelso D. Peruchi, will present to its Wilmington friends this time an entirely new repertoire.

MEASURING BEE A SUCCESS.

Delightful Entertainment at Bladen Street Methodist Parsonage.

The "measuring bee" given last night by the young people at the parsonage of Bladen Street M. E. Church was largely attended and was a delightful affair in every respect. Mrs. J. E. Saunders presided at the ticket table and Miss Mary Eve Carpenter took the measures, a penny for each foot in height being the admission fee. One man who could not attend was evidently a modern Goliath, for he sent ten pennies as the price of his stature and stayed away for the fear that his height would inconvenience him.

During the evening refreshments were served and musical features were introduced to the entertainment and delight of all. The affair was for the benefit of the parsonage and a goodly sum was realized.

JAMES O'NEILL FIRST CLASS.

"Monte Cristo" Greatly Enjoyed by Audience at Academy Last Night.

The return of Mr. James O'Neill in "Monte Cristo" at the Academy of Music last evening was greeted by an audience, which though large, should have been larger. Dumas' masterpiece and Mr. O'Neill have lost none of their popularity for the applause last night was frequent, amounting almost to an ovation for the distinguished actor. Young James O'Neill, Jr., is also seen in the cast as a French soldier and is very clever. Teresa A. Dale, as Mercedes, established a most favorable reputation as an emotional actress. Most people have seen James O'Neill and company in "Monte Cristo," but he would be seen again next season in the same vehicle with equal enthusiasm on the stage.

FOR EXPOSITION DUTY.

Seaman A. C. Houghton Detailed from Seminole to Jamestown.

Ordinary Seaman A. C. Houghton, of the Revenue Cutter Seminole, has been detailed by the commanding officer of the ship to duty at the Jamestown Exposition, and will probably leave for that post of duty today. The United States Revenue Cutter Service will have an exhibi in the government building there, and all the ships are being asked to send men to be in charge under a captain of that exhibit. Later the Seminole will, perhaps, be ordered for duty off Jamestown.

Valuable Property Purchased.

By deed filed for record yesterday Henry C. McQueen, trustee, transferred to Capt. Jesse Wilder, for $4,500, property on west side of the Cape Fear River, 280 feet south of the causeway, being parts of blocks 396, 397, 399, 400 and 401, according to the official plan of the city. Capt. Wilder is removing his naval stores business to the new site and is making a number of improvements there. The present yards occupied by the George L. Morton Company have been sold to the Seaboard Air Line.

TERRIBLE WRECK IN WEST CANADA

Fifteen People Believed to Have Been Burned to Death in Coaches.

TRAIN PLUNGED INTO LAKE

Wreck Took Fire From Cooking Stove of Tourist Car—Many Passengers More or Less Injured—Londoners Missing.

(By Wire to The Morning Star.)

Fort William, Ont., April 11.—The worst wreck in the history of the Canadian Pacific Railway occurred yesterday near Chapleau, 300 miles east of here. Fifteen persons are missing and are believed to have been burned to death in the coaches. The wreck was caused by a broken rail, which ditched the train, the two tourist cars rolling down an embankment into a small lake below. Passengers fought their way through the flames and a number of people in the coaches were pulled out badly burned but still alive. Most of the passengers received more or less serious injuries.

Caused by Broken Rail.

Montreal, April 11.—The following official statement was issued today by Mr. McNicoll, vice-president of the Canadian Pacific Railway: "About twenty-two miles west of Chapleau yesterday the west-bound trans-continental train, which left Montreal on Tuesday morning, was partly derailed, caused by a broken rail. Five cars ran down an embankment and caught fire, said to have been from the cooking stove. Nine adults and six children are missing."

The following are the names given: William Day, London England; Winnifred and Susan Horton, Charting Heath, Kent; C. H. Golding, his brother and his brother's wife and two children, of Palistow, Essex, England; Mrs. August Djorklund, and two children, of Worcester, Mass.; Mrs. R. B. Hampion, and Mrs. R. Davidson and baby.

Drastic Action to Enforce Prohibition in Kansas.

Topeka, Kas., April 11.—Application was made to the Supreme Court here today by Attorney General Jackson for writs of quo warranto and injunctions against eight brewery companies, mostly Missouri and Wisconsin concerns, and against a number of whiskey jobbers. It is sought to compel the defendants to cease doing business in Kansas through the agents and cold storage warehouses and it is also the purpose to have receivers appointed for the properties located in this State.

The action of the attorney general in filing these suits is considered the most drastic ever taken to enforce the prohibition law in Kansas.

The Supreme Court is asked to oust the companies because they are organized under the laws of other States and have not obtained licenses to do business in Kansas, and on the ground that they are engaged in business contrary to law.

The Supreme Court has held several times that a corporation has no rights under the laws of this State until it is authorized to do business in Kansas.

ANTI-RAILROAD DECISION.

Interstate Commission Holds That Roads Do Not Control Competition.

Washington, April 11.—In an opinion by the Interstate Commerce Commission today the principle was laid down that a railroad company cannot arbitrarily determine that a particular establishment shall compete in a certain market with other localities and that other similar establishments on its lines shall not so compete, particularly where the discrimination is not justified by operating conditions. The decision was applied to the case of the Texas Cement Plaster Company against the St. Louis and San Francisco Railroad Company and the St. Louis, San Francisco and Texas Railway Company, involving a complaint of unlawful discrimination in rates on cement plaster in carload lots. The defendants were ordered to adjust their tariffs accordingly and to pay the complainant reparation in the amount of excess charges with interest.

ROOSEVELT REFUSES TO TALK.

Asked to Say Something About John Temple Graves' Suggestion.

Washington, April 11.—President Roosevelt today declined to make any comment or to discuss for publication the declaration made by John Temple Graves, of Georgia, at the Bryan Anniversary Club banquet at Chattanooga last night, that Mr. Bryan should at the forthcoming Democratic National Convention nominate President Roosevelt for another term. The statement of Mr. Graves excited much interest in official circles, and there were many requests that the President say something, but uniformly declined them all.

Through an agreement announced in Cincinnati yesterday 300 telegraphers, including every operator on the Cincinnati, Hamilton and Dayton Railway, will receive an increase in salary ranging from 5 to 20 per cent. The agreement which will cost the railroad about $20,000 annually, was the result of conferences between the railroad officials and a committee from the Order of Railway Telegraphers.

FARCE AND AN OUTRAGE.

Divorced New York Woman Indignant at Roosevelt.

Washington, April 11.—Mrs. Ida von Claussen, who has been here several days endeavoring to see President Roosevelt rgarding her controversy with the American Minister to Sweden, Mr. Graves, and Mrs. Graves, growing out of Mr. Graves' refusal to present her to the Royal Court of Stockholm, left for New York City tonight. Before her departure she gave out a statement in which she said that she had "no chance of redress at the hands of President Roosevelt or the State Department," and that she would pursue the issue to the end. Her statement criticises President Roosevelt for deniyng her an audience; asks if that was a "square deal;" says she has been shamefully treated by the Roosevelt administration and says that the "re-opening of the case" by the State Department while moral victory for her "is intended to deceive me into non-action." She alleges the State Department is protecting the President in the matter, and concludes: "I regard my treatment here as a farce and an outrage."

SALVADOR IS NOT WHIPPED.

Is Sending 20,000 More Men Against Nicaragua.

Mobile, Ala., April 11.—According to a letter received by the Register tonight via steamer Hiram from Puerto Cortez, the Nicaraguan-Honduran-Salvadorean war is not yet at an end. The correspondent at Puerto Cortez did not have full information when the Hiram left, April 7, but he states that the last telegram from the President of Salvador was that he was sending 20,000 men against Nicaragua to renew the combat.

Up to the receipt of this telegram it was believed by residents of Puerto Cortez that the war was practically ended. The revolutionary leaders who entered the port with Estrada said that they had a message from Zelaya dated April 6, that they were attacking Amapala. President Bonilla is supposed to have been a refugee in Amapala.

The correspondent further advises that the cables were taken in charge by the commander of the United States gunboat Marietta and that on Sunday all cablegrams had been refused. It was further stated that if there is any fighting now in progress, it is between Salvador and Nicaragua.

JUDGE FAVROT OUT OF JAIL.

Grand Jury Fails to Hold Congressman-Elect for Murder.

Baton Rouge, La., April 11.—Congressman George K. Favrot was set free tonight, after having been in jail continuously for about five months under arrest on a charge of murder and awaiting action of a grand jury. Today the second grand jury refused to indict the Congressman. Mr. Favrot last November shot and killed Dr. R. H. Aldrich, of Baton Rouge. The Congressman declared that the physician had made disparaging remarks about Mrs. Favrot. The shooting occurred immediately after an exciting election and while Favrot was still judge of the Baton Rouge court, which today sat him free. He resigned and was indicted by a grand jury, which had been selected under his jurisdiction. Because one of the jurymen who indicted him was illiterate, the finding was quashed.

TO PROTECT THE UNIFORM.

War Department Will See That Soldiers are Respected.

Washington, April 11. — The War Department is determined to pursue to the end of its legal resources the effort to remove the slur cast upon the uniform of the American soldier by the decision last January of a local magistrate at Plattsburg, N. Y., that Sergeant Higgins and the soldiers who accompanied him when they were refused admission to a public skating rink in that town had no case warranting the imposition of a penalty upon the proprietors of the place. Today acting secretary Oliver wrote a letter to the Attorney General, asking his help in the prosetion of this case. The Attorney General is requested to give an opinion upon the point whether or not, the local magistrate having declared that the keepers of the rink were not subject to penal punishment, they still can be reached by a suit for monetary damages. In case of an affirmative answer the Department of Justice is requested to authorize the proper attorney for the us to appear for the soldiers in the prosecution of the case.

GREAT FLEET AT JAMESTOWN.

South Atlantic Squadron Has Sailed From Cuban Waters.

Washington, April 11.—Having completed an elaborate programme of exercises and target practices, the battleship division of the Atlantic flet, sailed from the naval station at Guantanamo, Cuba, yesterday, for Hampton Roads, to participate in the ceremonies incident to the opening of the Jamestown Exposition. The division consists of fourteen modern battleships, and will be joined by two other at Hampton Roads, as well as by a number of warships of other classes. When assembled in Hampton Roads there will be an aggregate of thirty-six warships of various types, constituting the most powerful fleet ever assembled in the waters of the United States. Admiral Evans' division is due to reach Hampton Roads on the 16th instant.

A mail package apparently containing dynamite exploded while it was being stamped in the St. Louis post-office yesterday. The explosion blew away a finger and thumb of John G. Bayer, the clerk who was stamping the package. All trace of the contents and all the address excepting the words "Independence, Mo.," were destroyed.

COLD APRIL RUINED GEORGIA.

Cotton Killed and Truck and Fruit Seriously Injured.

Atlanta, Ga., April 11.—As a result of the coldest April weather on record, the opinion is expressed by Commissioner of Agriculture Hudson, that growing crops in middle and south Georgia, truck gardens all over the State, and fruit crops in many sections have been seriously damaged.

"Cotton south of Fort Valley," said the Commissioner, "that is up, has been killed, and as much more which is not yet up will never grow to maturity. The warm weather in March led to extensive early planting, hence the destruction from the cold weather. It is difficult to estimate the damage that has been done to peaches, but reports indicate that it has been extensive."

Notice of Election

FOR THE MEMBERS OF THE BOARD OF ALDERMEN OF THE CITY OF WILMINGTON AND FOR BONDS FOR STREET IMPROVEMENT AND WATER AND SEWERAGE.

The Board of Aldermen of the City of Wilmington, North Carolina, in accordance with the provisions of Chapter, entitled Towns, subdivision 7, of the Revisal of North Carolina of 1905 and in accordance with the provisions of an act of the General Assembly of North Carolina passed at its 1907 session, entitled "An Act to Allow the City of Wilmington, North Carolina, to Issue Bonds for Street Improvement," and in accordance with the provisions of another act passed at the 1907 session of the General Assembly of North Carolina, entitled "An Act to Allow the City of Wilmington to Issue Bonds for Water and Sewerage"; and by virtue of the powers therein given, do hereby call an election to be held by the qualified voters of the City of Wilmington on the 7th day of May, 1907, between the hours of eight o'clock and sunset of said day, for the election of two Aldermen from each of the five wards thereof; and also to determine whether the City of Wilmington shall issue bonds for Street Improvement, to the amount of four hundred thousand dollars ($400,000) and the levy and collection of the tax for the payment of said bonds and coupons; and further to determine whether the said City of Wilmington shall issue bonds for Water and Sewerage to the amount of five hundred thousand dollars ($500,000) and the levy and collection of the tax for the payment of such bonds and coupons.

At said election all qualified voters of the City of Wilmington shall vote a ballot of white paper, three inches long and two inches wide, upon which shall be written or printed the names of two electors from each of the five wards of the City of Wilmington to be voted for as members of the Board of Aldermen of said city. And all qualified voters who favor the issuance of bonds to the amount of four hundred thousand dollars $(400,000) for Street Improvement, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Street Improvement" written or printed thereon; and all qualified voters opposed thereto shall vote a ballot of similar size with "Against Street Improvement" written or printed thereon.

And all qualified voters who are in favor of the issuance of bonds to the amount of five hundred thousand dollars ($500,000) for Water and Sewerage, and the levy and collection of the tax for the payment of said bonds and coupons, shall vote a ballot of white paper, three inches long and two inches wide, with "For Water and Sewerage" written or printed thereon, and all qualified voters opposed thereto shall vote a similar ballot with "Against Water and Sewerage" written or printed thereon.

For the purpose of the elections as authorized by said Chapter entitled "Towns" of the Revisal of 1905 of North Carolina, and as authorized by the Acts aforesaid, no new Registration of the Electors for said elections shall be required, but the Registrars hereinafter named shall revise the registration books of their wards in such manner that said books shall show an accurate list of all electors previously registered in their wards and still residing therein, without requiring said electors to register anew.

And the following are designated as the polling places in the several wards in the City of Wilmington, and the persons hereinafter named are appointed as Registrars and Judges of Election in the said wards, to-wit:

First Ward, polling place—Hose Reel House, Fourth Street Bridge: Registrar—Isaiah West; Judges of Election—W. H. Coleman and C. O. Knox.

Second Ward, polling place—Old Court House: Registrar—C. T. Smaw—Judges of Election—Roger Moore and W. J. Meredith.

Third Ward, polling place—Giblem Lodge: Registrar—A. G. Hankins; Judges of Election—L. B. Sasser and C. D. Morrell.

Fourth Ward, polling place—Worth's Ice House: Registrar—T. G. Pickett; Judges of Election—J. S. Williams and D. L. Gore.

Fifth Ward, polling place—Market House at Fifth and Castle Streets: Registrar—J. W. Gafford; Judges of Election—T. G. Landen and Thomas Lossen.

For the purpose of allowing any elector, residing in any of the wards of said city, and etnitled to register, whose name has never before been registered, and does not appear in the revised list, to register, the Registrars in each ward between the hours of nine o'clock A. M. and five o'clock P. M. on the 19th, 22nd, 23rd, 24th, 25th and 26th days of April, 1907, and between the hours of nine o'clock A. M. and nine o'clock P. M. on Saturdays, the 20th and 27th days of April, 1907, shall keep open the registration books of said ward for the registration of any new elector as aforesaid; and on the second Saturday before election day, to-wit, the 27th day of April, 1907, between the hours of nine o'clock A. M. and nine o'clock P. M. the registration books shall be kept open at the polling places in each ward for the inspection of the electors of said ward and any of the electors shall be allowed to object to the name of any person appearing on said book.

By order of the Board of Aldermen of the City of Wilmington, North Carolina, this the 3rd day of April, 1907.

SPIRITS TURPENTINE

—The barn of Capt. C. Partrick, at Clinton, was destroyed by fire Tuesday morning about 3 o'clock together with thirty bushels of corn, a quantity of fodder and other forage.

—Statesville, April 10: The Iredell County Bonded Warehouse Holding Company was orgainzed today. Capital, $75,000. The plan of the Southern Cotton Association was outlined by C. C. Moore.

—Scotland Neck, April 10: Some days ago Mr. L. E. Pope, of Crowells, in jumping from his wagon struck his leg against the wheel and broke it. both bones were broken and one protruded through the skin. He is about sixty years old, but is doing well.

—Raleigh News and Observer: Raleigh is to have in it a "Gatling Gun Detachment," the gun and equipments being now in the depot for this. The "Detachment" is to be from Company B, Tihrd Regiment, Capt. W. F. Moody, who has been given this position in the Third Regiment.

—Lumberton Robesonian: The Anti-Cigarette Club of Robeson Institute gave a picnic Friday afternoon. There were three wagon loads of the party and they picnicked in the neighborhood of McNeill's bridge. The time was spent very pleasantly plucking wild flowers, catching crawfish and partaking of a lunch.

—Charlotte Observer, April 10: The members of the First Battery Field Atillery, are anticipating a most delightful time at the Jamestown Exposition this Summer. It is certain that the company will be ordered there although no official instructions have yet been issued. The encampment will last from the 10th to the 19th of August.

—The Pender Chronicle states that Mr. W. J. Banks, of Burgaw, has invented a guano distributor of pronounced merit and in ten days will be prepared to manufacture them for the use of farmers. It is simple in construction, is rust proof and distributes fertilizer down in the furrow so it cannot be blown away by the wind.

—Newbern, April 10: Bithy Daughty, a white woman 35 years of age, an inmate of the County Home, was burned to death last night. She had an epileptic fit and fell into the fireplace. The embers communicated to the covering of two beds and set them on fire, nearly cremating a colored woman who slept in the same room to attend to the wants of Miss Daughty. The unfortunate woman never recovered consciousness, but died less than a half hour after the accident occurred. Attendants put out the fire without damage to the building.

—The preliminary hearing in the case of Nathan A. Moore, at Wilson, charged with the murder of his nineteen-year-old son, was continued from Wednesday till Friday morning. His son died after he had beaten him unmercifully with a chair, hit him with a bottle and kicked him. Three doctors examined the body after it had been exhumed, but stated that it was in such a state of decomposition they could not say that there was evidence of blows that would cause death. They found bruises. The lungs were congested with pneumonia and there were bruises on the body over the lungs.

—Raleigh News and Observer: In reference to a report published that the First and Third North Carolina Regiments are to go to Jamestown on the fifteenth of August and that the Second Regiment would encamp at some other place this year, Governor Glenn yesterday said: "There has been no order made by me or by my authority that the First and Third North Carolina Regiments are to go to Jamestown, the Second to be sent elsewhere, I have issued a call to the Colonels of the three regiments to meet with Adjutant General Robertson, General Armfield, General Macon and myself on Tuesday, the sixteenth of April, when it will be definitely decided what will be done and orders will be issued accordingly. In the future I hope that the State Guard will pay no attention to orders unless they emanate from headquarters."

—Kinston, April 10: The Democratic primary here today for the nomination of Mayor and Aldermen, resulted as follows: For Mayor, W. D. Laroque, Jr., 283; J. T. Midyette, 189; W. B. Coleman, 151; no nomination. Aldermen were nominated as follows: First Ward, R. L. Crip and G. W. Summerell; Second Ward, L. P. Tapp and H. E. Moseley; Third Ward, H. T. Oglesby and J. T. Skinner. A second primary will be held tomorrow, Friday, for a nomination for Mayor. The vote was large and much interest manifested. A proposition for a bond isue to secure the location of the Eastern Training School, in this city, was carried almost unanimously.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM

Is acknowledged to be the most successful remedy in the country for those painful ailments peculiar to women.

For more than 30 years it has been curing Female Complaints, such as Inflammation, and Ulceration, Falling and Displacements, and consequent Spinal Weakness, Backache, and is peculiarly adapted to the Change of Life.

Records show that it has cured more cases of Female Ills than any other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels Tumors at an early stage of development. Dragging Sensations causing pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility; also, Dizziness, Faintness Extreme Lassitude. "Don't care and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness, Flatulency, Melancholia or the "Blues." These are sure indications of female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

PUSHED to the FRONT

Yes, that is what has pushed Belle of Virginia out in the front rank of good whiskies—the fact that it is founded on quality. We ask you to try it the very next time you feel the need of a good drink of whiskey. It is blended from pure, carefully aged whiskies—the best blend our years' of experience has taught us—a whiskey which will appeal to you from the first taste and grow upon you as the days go by. Don't forget to ask for it and try it.

Sold at the places where gentlemen go to get a drink.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 11.—The cotton market was quiet today, but showed a steadier tone and closed steady at a net advance of 5 to 9 points. Sales were estimated at only 75,000 bales.

The opening was steady at a net advance of 2 to 3 points on higher cables than expected and big spot sales in the English market.. At first there was some hesitation, and room professionals seemed to be selling on the ground that local conditions should prevent figures from following the English advance, but the market worked gradually higher during the early session on covering of shorts and prices at one time were about 8 to 10 points net higher. Later most of this advance was lost in spite of light estimates for tomorrow's receipts at leading points, owing to more seasonable weather in the Western and Central belts, and selling by recent buyers, but the pressure was not aggressive and the market firmed up toward the close in anticipation of another bulge in Liverpool tomorrow. The close was within two points of the best on the active months. Light frosts were reported in the Eastern belt and some few reports reached the market that re-planting would be necessary but exerted little influence owing to the earliness of the season. Exports for the day were very heavy, exceeding the port receipts by about 30,000 bales, and the bulls were promising a bullish visible supply statement at the end of the week. Southern spot markets were generally unchanged.

Receipts at the ports today, 14,032 bales, against 16,184 last week, and 11,162 last year. For the week 90,000 bales, against 110,127 last week, and 116,676 last year. Today's receipts at New Orleans, 3,091 bales, against 3,207 last year, and at Houston 3,899 bales against 2,426 last year.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by R. R. Bellamy, druggist. 50c.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block [illegible], Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 2 days he had hair all over his head. In July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE CONFERENCE FOR EDUCATION

Robert C. Ogden, of New York, President and Officers Chosen.

SOUTH'S FARM CONDITIONS

Interesting Address By Dr. Knapp, Special Agent Agricultural Department—Wants Agricultural Banks to Aid Farmers.

(By Wire to the Morning Star.)

Pinehurst, N. C., April 11.—The conference for education in the South today elected officers as follows:

President—Robert C. Ogden, of New York.

Vice President—J. Gundy Jordan, of Georgia.

Secretary—B. J. Baldwin, of Alabama.

Treasurer—William A. Blair, of North Carolina.

Executive Committee—S. C. Mitchell, Virginia, chairman; W. B. Hand, oSuth Carolina; S. A. Minders, Tennessee; George J. Ramsey, Kentucky; Harry Hodgson, Georgia; Erwin Craighead, Alabama; Paul H. Saunders, Mississippi; James H. Dillard, and John H. Hinemon, Arkansas.

"Better Conditions for Southern Farms" was the subject of an address this afternoon by Seaman A. Knapp, of Lake Charles, La., special agent United States Department of Agriculture. Dr. Knapp spoke of the advantages to be derived by the farmers in developing the soil and in this manner increasing the output of their acreage.

Other speakers were T. O. Sandy, Farmville, Va.; E. McIver Williamson, Montclaire, S. C.; and Dr. L. H. Bailey, professor of agriculture in Cornell University.

Dr. Knapp said:

"The large body of freedmen settled throughout the rural districts of the South has tended to lower farm values and depress agriculture. The effect is not the result of color, but is caused by the lower plane of living. We have lived under a slavery where the chains are ingeniusly forged and the bands riveted with gold. It is all the same in effect the impoverishment of the masses."

Dr. Knapp declared that the National banking law has caused a depressing influence by diverting most of the money of the country into commercial channels. He advocated the establishment of agricultural banks throughout the South to provide money for farmers to harvest their crops and to improve their farms. "The banking capital of our country," he said, "has stimulated commercialism and by its concentration in the cities has fostered gambling in stocks. The great fluctuation in the values of farms and farm products lies in the fact that the money of the country has been loaned to the speculative interest."

Agricultural banks, he said, should be established to assist in carrying out the plan of colonizing the country with thrifty home owners. "Millions produced by the farms of the nation," said Dr. Knapp, "have by the process of banking been transferred to commerce and no way has been provided under the law by which the money of the people can be used by the people for time investment in providing for ownership of rural homes."

The conference ordered Dr. Knapp's speech printed and circulated in every State in the South.

Representative Richmond P. Hobson, of Alabama, in an address tonight announced that he had arranged with Secretary of Agriculture Wilson for experts in soil cultivation and good roads building to accompany him on a thirty days' educational campaign throughout his Congressional district. He urged National aid for rural education in the South.

EPISCOPAL MINISTER DEPOSED.

Visited New York Tenderloin to Make Socialogical Study.

New York, April 11.—Rev. W. Howard Meares, curate of St. Matthew's Episcopal Church, who was arrested by the police at a house in the tenderloin district, March 12, last, where he had gone in the company of a negro woman, was today deposed from the ministry by Bishop Greer, following a report by a committee of inquiry appointed to investigate the conduct of the preacher on the occasion in question. The committee reported that the curate had violated his sixth ordination vow, which requires that a clergyman, "as far as in him lies, shall make himself a wholesome example and pattern to the flock of Christ."

Rev. Mr. Meares, while asserting that he visited the place with a view of making sociological investigations, accepted the committee's findings, declared in writing his renunciation of the ministry, and forwarded his resignation to Bishop Greer, who then deposed him.

The magistrate before whom Meares was arraigned accepted his explanation of his presence in the tenderloin and he was discharged.

CONNECTICUT FOR ROOSEVELT.

President's Administration Endorsed —Three Democrats Objected.

Hartford, Conn., April 11.—The Senate today passed in concurrence the resolution endorsing the administration of President Roosevelt, although three Democratic Senators objected. The ground of objection was that such a resolution was unnecessary. Senator Spellacy, Democrat, said in a speech of protest that "the hero of San Juan Hill needs no bolstering up by the Assembly of this State." Other Democratic Senators in voting for the resolutions, said that they did so out of courtesy to colleagues who had invited Mr. Bryan to address the body.

MR. CARNEGIE'S GREAT INSTITUTE

Reudedication of Philanthropist's $6,000,000 Gift For Education and Science.

FOREIGN GUESTS PRESENT

Great Honor for President Roosevelt By Foreigners and Americans. Parisians Win Prizes for Paintings—Mr. Carnegie.

(By Wire to The Morning Star.)

Pittsburg, April 11.—The formal rededication exercises of the enlarged institute of Pittsburg, valued at $6,000,000, and one of the most beautiful and complete institutes of is kind in the world, were brought to a close for the day, with the announcement of the prize winners in the international art exhibition. Following are the successful painters, amount of awards and titles of pictures:

First prize, gold medal and $1,500—Gaston LaTouche, Paris, France, "The Path."

Second prize, silver medal and $1,000—Thomas Eakins, Philadelphia, Pa., "Professor Leslie W. Miller."

Third prize, bronze medal and $500—Olga de Bozenauska, Paris, France, "Portrait of a Woman."

Tonight the foreign and American guests attended a concert given in their honor by the Pittsburg Orchestra, directed by Mr. Emil Paur. The concert was the most brilliant in the history of the orchestra.

The ceremonies today, while elaborate, were marked with extreme simplicity. Addresses of international importance were delivered by His Excellency, Theodore von Moeller, Minister of State, Germany; Paul Doumer, ex-Speaker Chamber of Deputies, Paris; Andrew Carnegie; Baron D'Estournelles de Constant, member of the Senate, Paris, and Doctor John Rhys, principal of Jesus College University of Oxford. The Rev. Dr. E. S Robert, vice chancellor of the University of Cambridge, England, delivered the invocation.

A lengthy letter of regret from President Roosevelt was read by the secretary of the institute. In his letter the President praised Mr. Carnegie for the great gift to science and education.

During the exercises the President was referred to as "The Great Peace-Maker," and vociferous applause greeted every mention of his name.

Minister of State von Moeller paid a glowing tribute to Mr. Carnegie in his address, "The Popular Significance of the Carnegie Institute." He congratulated Pittsburgers in their possession of the great institute.

The notable feature of the exercises today was the parade of the European and American guests from the Hotel Schenely to the institute, over a square away. The march began about 1:30, the route being along Forbes street to the east entrance of the building. Director A. A. Hamerschlag, of the Carnegie Technical School, accompanied by the faculty, headed the procession. Immediately behind came Andrew Carnegie and William N. Frew, president of the institute. Next came the foreign guests, followed by Mayor Guthrie, prominent Pittsburgers and the American guests. All those entitled to wear academic dress did so, which tended to make the parade one of dignity. The procession passed between the students of the technical schools, who loudly greeted the founder with a college yell, formed by pronouncing each letter of his name and ending with cheers.

Thousands of persons viewed the parade from the sidewalks, grand stands and tops of buildings. The weather, while somewhat cool, was ideal and served to bring out a large audience.

Frederick Slagel, 33 years old, of Los Angeles, Cal., was arrested while attempting to enter the hotel Schenely, with an open knife hid beneath his coat sleeve, concerning a patent for milking cows. He had $261 when arrested. The man's sanity will be will be investigated. The exercises will continue Friday and Saturday. Those of tomorrow will probably be of the greatest importance, as the distinguished foreign and American guests will discuss international peace.

The Carnegie Technical schools will be entertained at tea in honor of Mrs. Carnegie.

E. H. HARRIMAN RE-ELECTED.

Directors of Southern Pacific Choose Old Officers Yesterday.

New York, April 11.—Directors of the Southern Pacific Railroad Company today re-elected President E. H Harriman and all the other officers of the Company. The resignation of D. O. Mills as director of the Southern Pacific Company and the Erie Railroad Company was announced today. It was said that Mr. Mills had been ill with the grip at his home for two weeks, and he simply desires to be relieved of some of his directorships. His son, Ogden Mills, retains his directorship. Bayard Catting, of New York, was elected to succeed Mr. D. O. Mills.

WANTS TO BE HUNG IN GEORGIA.

Escaped Murderer Surrenders in California—Killed Man 15 Years Ago.

Los Angeles, Cal., April 11.—A man about 45 years old calming to be George W. Bundrick, appeared in Downey, Cal., near here today, and surrendered to the authorities, asserting that he had killed John Shroeder in Rains, Dooley county, Georgia, in 1902. He said that he had been arrested in Georgia, tried, convicted and sentenced to hang, but had escaped from jail at Americus by overpowering his guards. He said he was weary of being pursued and wanted to be taken back and hanged for his crime.

NO AGREEMENT IN THAW CASE

At Midnight Jury Was Locked Up Till 10.30 O'clock This Morning.

THAWS ARE CREST-FALLEN

Jurors Twice Requested Information and On Point Favorable to Thaw It Was Refused By Court. Evelyn's Mother Anxious.

(By Wire to the Morning Star.)

New York, April 11.—Thirty-one hours of deliberation and no verdict.

Such was the condition of affairs at 11:40 o'clock tonight when the Thaw jury was locked up for a second night at the Criminal Court's building. The fact that they had not been able to agree after devoting so much time to a study and discussion of the case has given rise to the belief that the trial will end in a disagreement and the whole affair will have to be gone over again.

Although the twelve men have thus far failed to reach a common opinion and to all appearances are hopelessly at sea, Judge Fitzgerald has not given up hope of having a verdict rendered. As yet Deming B. Smith, foreman of the jury, has not complained to the court that the jurors are unable to reach a decision and until he does it is not likely that Justice Fitzgerald will discharge them. The general impression prevails that if the twelve men are unable to agree at the expiration of forty-eight hours they will be released from further service. The very fact, however, that no intimation has been received from th jury room that the men are unable to agree, has been construed by many who have followed the proceedings closely as an indication that a verdict will eventually be reached.

The mother, wife and the two sisters and brothers of the defendant were in the Criminal Court's building up to the last minute and when it was finally announced that the jury has been received from the jury room there was no longer any prospect of a verdict before tomorrow, they returned to their hotel crest-fallen. They had hoped and looked for a decision today and the news that they would have to pass another night in doubt and anxiety was received with keen disappointment.

At 11 o'clock tonight the jury in the Thaw case had not reported an agreement, and it was said in the court room that no verdict was in sight.

Twice during the day the jury came into court to ask for certain exhibits and the reading of portions of the testimony and extracts of Justice Fitzgerald's charge. One of these requests related to the testimony of Drs. Evans and Wagner. Justice Fitzgerald said these men were competent to give testimony as to Thaw's mental condition because of their personal examinations.

Foreman Smith started in to discuss certain other phases of his charge with Justice Fitzgerald, but was stopped short. "I can't discuss the matter with you. Be careful about that, Mr. Foreman," exclaimed the judge.

Foreman Smith wrote a note and passed it up to Justice Fitzgerald who then directed that that portion of his charge relating to the hypotheical questions put to the experts for both the prosecution and the defense be read.

The judge stated that the jurors were not bound to accept nor allowed to accept opinions based on hypothetical questions, as they would accept facts. In hypotheical questions, the court declared, it is always of first importance that the acts contained in such questions have been established to the satisfaction of the jury. Opinions on such questions should be considered in connection with all the evidence in the case.

"I believe now that that is all, gentlemen," said Justice Fitzgerald.

"No , sir," interposed Foreman Smith, "there was one more request."

"That request," said Justice Fitzgerald, "is that certain portions of the summing-up address by Mr. Delmas shall be read to you. I cannot grant it. It is not evidence and you must remember that you can have nothing but the evidence given to you."

The jury then returned again and continued its deliberations.

The second request for information from the jury was taken as positive indication that a verdict, if rendered, will be based on the sanity or insanity of the defendant and that the unwritten law will have no part in it.

The request for the reading of a portion of Mr. Delmas speech was taken as favorable indication by the defense, despite the fact that Justice Fitzgerald would not allow the request.

Soon after the jury retired Evelyn Thaw, accompanied by Mr. O'Reilly, of Thaw's counsel, left the Court House for lunch. The crowd in the street was so anxious to get a close look at her that she was almost swept off her feet and Mr. O'Reilly was forced to fight a way through the crowd for her. When the other members of the Thaw family left the building it required several policemen to protect them from the curious ones.

Two extra court officers were sworn in shortly after 6 o'clock and will assist the regular court officers in attending the jury. All the members of the Thaw family remained at the Court House and sent out for their dinner rather than face the crowds who surrounded the Court House.

At 6:46 Justice Fitzgerald announced a recess until 9 o'clock. The jury at that time having shown no signs of reaching an agreement. At 6:53 Justice Fitzgerald left the Court House for dinner. A few minutes later the jury started for the Broadway Central Hotel for dinner. In spite of their long confinement they looked fresh and were laughing and talking together when they left the building.

Juror Pink, who was ill during the day, looked much better than when he appeared in court this afternoon. The strain so far does not seem to have told particularly on any of the other jurors. When the jurors returned tonight from dinner one of them, John S. Dennee, No. 10, carried a grip. To the waiting crowd this seemed an indication that the jury had either reached a verdict or expected to be discharged tonight.

Harry Thaw's family—his white-haired mother, his pale young wife, his sisters and brothers, remained at the Court House until late in the night. They visited the defendant on several occasions in the prisoner's pen on the floor above the court room. Their purpose was to cheer him, but he appeared by far the most cheerful of the group. The man's confident air seems never to leave him for any great length of time and a buoyancy of spirit is nearly always apparent. Few men accused of murder in the first degree have awaited the sealing of their fate with the calmness and the happy-go-lucky manner which has characterized Harry Thaw since the jury retired at 7:15 o'clock on Wednesday afternoon.

There were all sorts of rumors and guesses in the air today as to how the jury stood. There were more different reports as to the results of the ballots than there could possibly have been test votes taken. None of the reports had any degree of authenticity. Some were uttered in jest by prominent figures connected with the trial and occasionally these were taken in deadly earnest by persons who overheard them.

The action of the jury in twice going before Justice Fitzgerald and to have certain portions of the testimony read to them was widely commented upon and naturally caused much speculation. It seemed evident that the jury's deliberations were hinging upon the question of the sanity or insanity of the defendant as shown by the defense. The jury showed an almost startling familiarity with the evidence and the testimony they desired to hear again today was given in part by persons who were not referred to in the summing-up speeches of either Mr. Delmas or District Attorney Jerome.

From the manner in which the jurors wished to go over the evidence in all its detail, it was surmised that a verdict, if reached at all, would be predicated entirely upon the evidence and not upon "the unwritten law."

Justice Fitzgerald spent the entire evening in his chambers awaiting the pleasure of the jurors.

The jury at 11:40 P. M. has been locked up until 10:30 o'clock tomorrow morning.

Evelyn's Mother Talks.

Pittsburg, April 11.—"No matter how cruel Harry Thaw and Evelyn have been to me, I would like to see the jury acquit the defendant in the case, for the comfort it would be to Florence. I sincerely hope the jury does acquit him, and soon, for the sake of my daughter, and what it means to her peace of mind."

This is the statement made by Mrs. Charles Holman, mother of Mrs. Harry K. Thaw, after a strenuous 18 hours of anxiety awaiting the return of the Thaw jury. When it was understood that it was almost an impossibility for anything accurate to get from the jury room, Mrs. Holman was inclined to think it a bad omen. Beyond making the expressions above, Mrs. Holman had nothing to say. Nor would her husband talk for publication at this time.

MAKE WAY FOR WM. J. BRYAN.

Missouri Legislature Favors Roosevelt's Retirement for Nebraskan.

Jefferson City, Mo., April 11.—In the Missouri House today a resolution endorsing President Roosevelt on his stand against unprincipled manipulation of wealth, was introduced and tabled after it had been amended so as to read that it was the sense of the Republican members that Roosevelt should run for President again.

A resolution lauding William J. Bryan and declaring that President Roosevelt should retire to make way for Bryan was adopted.

The Pennsylvania House of Representatives yesterday passed, by a vote of 138 to 25, a bill taxing anthracite coal three cents a ton. A provision to tax bituminous coal was stricken out. The members from the hard coal regions made a hard fight against the measure, one member saying the tax will be used by the operators as a reason for reducing miners' wages and that the mine workers won't stand for any reduction.
